From west:

Motorway A5 exit at "Freiburg nord" or "Düdingen", then onwards to "Plaffeien", "Schwarzenburg", "Wislisau", "Rueschegg Graben" From there follow the signposts.

Camping site and club house HEUBACH

3154 Rüscheegg Heubach

Well protected behind high firs, this place lies directly to the Heubach, a small brook.

This relatively small, but clean and well maintained campground has 12 yearly places and approximately 20 tourist places. In addition to that there is a cosy club house with kitchen, lounge and mass beds. The club house can be rented individually from the coming site.

The Campground

This calm and idyllic camping site is ideal to recover with the whole family. The children can rave on the playground or splash about in the brook. The adults can use the pergola with barbecue grill open to all guests.

The facilities have been newly built during the year 2000. The room is heated, has two gender separated toilets and showers. For washing-up there are two sinks and a washing through with free of charge warm water at your disposal.

The Club house

The club house is a Chalet with kitchen, lounge and mass camp, which one can rent independently of the camping site.

The Environnement

In the winter this region offers a 50 km cross country ski run and in Rueschegg Eywald approximately 10 car minutes away there is even a ski lift. Winter camping is well possible on the camping site Rueschegg Heubach: the new facility building is heated during the whole winter and winter service is organized.

In the summer various offers are available in the close environment: The open-air swimming pool Eywald, a tennis court as well as expanded hiking and biking trails.

In the village Heubach (800 meters from camp ground) you find a small supermarket for your daily shopping needs.

On the **campground Heubach** you will enjoy yourself and have a relaxing time.
